

State Parks and Reservoirs

2005 Special Events

The Division of State Parks and Reservoirs invites you to join us for wildflower hikes, fossil digs, holiday fireworks, music in the outdoors and even a 500 mile bike ride! You, your friends, and your family will find relaxation and fun all year long through our varied programming. This list provides you an overview of events across our system by month. A topical list of events is available as well. If you are interested primarily in history, in-depth natural history workshops, volunteer opportunities, camping weekends, adventure tours or athletic competitions, download a copy of this topical list from the DNR website at www.dnr.IN.gov

Most of our activities are for all ages, but some are most appropriate for children or for adults. Some require pre-registration. Gate fees and camping fees are charged at state parks and reservoirs as well.

For additional details, event times, the most up-to-date information or a complete schedule of events offered by our interpretive naturalists, contact the property you plan to visit or ask the gate attendant when you arrive. For daily program information, nature brochures and interpretive center hours, visit us on the web at www.interpretiveservices.IN.gov.

Enjoy the outdoors at your Indiana State Parks and Reservoirs this year. We look forward to seeing you....OUTSIDE!

January

January 2
McCormick's Creek State Park
Christmas Bird Count

January 8
Brown County State Park

Our Mission

The mission of Indiana's State Parks and Reservoirs is to manage and interpret our properties' unique natural, wildlife and cultural resources utilizing the principles of multiple use and preservation, while sustaining the integrity of these resources for current and future generations.

The mission of the Interpretive Services is to provide information and offer interpretive experiences with Indiana's natural and cultural resources to visitors, staff and a diverse public.
